DC20024A-1E

Key Features

- Works with 12V car lighter or car utility socket
- Rapid charging with 2.4A 5V output
- Enough power to charge smartphones, tables and iPads
- Low profile ultra-small design is easily transported and stored

Overview

The V7 mini car charger turns your vehicles 12V lighter port into a quick charging station for your 5V portable devices. The 2.4A charger will rapidly charge your smartphone, tablet or iPad. An integrated IC controller monitors the battery level of your device and shuts down when fully charged preventing over charging or short circuiting. Designed to be the travelers best friend it's small short profile fits easily in your pocket, purse or glove compartment. Just plug in your devices USB charging cable and your portable device will be charged in no time.

DC20024A-1E

Specification

V7 Model #	DC20024A-1E
IM SKU #	J152492
EAN	662919079340
Color	Black
Compatibility	USB Charging smartphone and tablets.
Compliance	RoHS, CE, FCC
Country of Origin	China
Input current	10.8 - 16V
Input voltage	12V
Material	Durable plastic
Output	5V, 2.1A
Packaging type	Full color retail box
Product dim. (L/W/H)	25 x 45 x 25 mm
Product Weight	20 g
Protection	Internal IC prevents over chargingand short circuit
Warranty	2 years
